

XRD Analysis Results

Ship Stern Knee

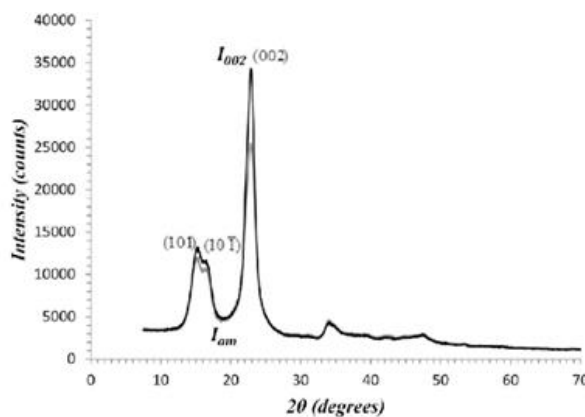

The SciArt Project
2024

Results Report

Point of Interest 1: Wood

This is the XRD pattern from the sample collected from Point of Interest 1.

Its analysis shows the participation of cellulose, which is common for wood samples.

Point of Interest 2: Threads from the textile

This is the XRD pattern of the threads collected from Point of Interest 2. The analysis of the pattern does not lead to any conclusions, other than suggesting it is likely an organic material.
